

26 DEC 1972

MEMORANDUM FOR: Director, National Photographic
Interpretation Center

SUBJECT : Request for Briefing and Tour for
Training Course

1. The Office of Training is the executive instrument for the interagency course in Survey of Intelligence Information Systems, 15 January through 2 February 1973.

2. This course is designed to introduce professional intelligence personnel to the application of automated information handling systems in the intelligence community (see Attachment for course description).

3. As part of this course we would appreciate the opportunity for the class to visit NPIC for briefings and a tour focusing on computer science applications in NPIC, particularly with respect to intelligence analysis and production. A suggested schedule would be as follows, although we would welcome any of your recommendations:

- a. Mission, Functions and Product of NPIC
(by Mr. Lundahl, if at all possible).
- b. Automated Information Services (PSG).
- c. Automated Applications in Imagery
Analysis (IEG).
- d. Tour of NPIC.

4. This visit is requested for the afternoon of Wednesday, 24 January 1973, from 1300 to 1600. The class should total 35-40 students and staff. All visitors would be certified for SI-YKH, or the military equivalent of SI-SA0.

5. [redacted] is the action officer for this activity.

for HUGH T. CUNNINGHAM
Director of Training
